PRODUCT DETAILS

Introducing our signature Insignia Collection.. The fully customizable and complementary elements of this dynamic light system allow you to create truly bespoke lighting for your space. The bold proportions and fluidity of the chain create the dramatic foundation of this collection. We paired the elliptical Insignia links with your choice of shades in genuine alabaster, milk glass and clear glass which flawlessly merges luxe materiality of both luster and luminosity. The range and versatility of this stunning collection make it truly unique.

The Insignia Collection features multiple bold elements for limitless configurations. Our signature large scale, and new petite Insignia link chain pairs with both single and multiple light flush-mount canopy options, as well as a variety of pendant selections.
